CHANDRU S

PYTHON DEVELOPER

Redhills, Chennai | +91 7299392486 | s.2004chandru@gmail.com | linkedin.com/in/chandru-s16 | github.com/Chandru38

SUMMARY

B.Tech graduate in Artificial Intelligence and Data Science with hands-on experience building Python-based applications, and responsive web interfaces. Strong foundation in object-oriented programming, data structures, algorithms, Flask and development with FastAPI. Comfortable working across the stack, from Python backend logic to React/HTML/CSS frontends. Quick learner with strong problem-solving skills, seeking to contribute to a dynamic development team.

SKILLS

Programming Languages : Python, JavaScript (ES6+)

Frontend & Databases : HTML5, CSS3, React, SQL

Backend APIs & Libraries : FastAPI, REST API design, Flask, NumPy, Pandas, OpenCV, MediaPipe

Tools & Platforms : Git/GitHub, VS Code, Jupyter/Colab, Vercel, Hugging Face

Core CS : Data Structures & Algorithms, Object-Oriented Programming

Core Strengths: Problem Solving, Communication, Teamwork, Time Management, Active Listening

PROJECTS

Plant Leaf Disease Detection from Image - GitHub: Plant-doc-website-2026

- Built and trained a CNN model achieving 92% classification accuracy across 15+ plant disease categories using TensorFlow, deployed as a full-stack web app with real-time inference.
- Web application that returns a disease classification and suggest a real time remedies.

Air Gesture Writing - GitHub: Air-gesture-writing-app

- Built a real-time, touchless writing system using Python, OpenCV, and MediaPipe, tracking 21 hand landmarks via webcam to detect finger movement.
- Packaged the core logic as a JavaScript library for web integration, supporting multi-color drawing, brush control, and an eraser tool.

INTERNSHIP EXPERIENCE

Frontend Developer Intern | Inetz Technologies, Vadapalani, Chennai | Dec 2025 – Jan 2026

- Built and optimized responsive web pages using HTML, CSS, media queries, and JavaScript.
- Collaborated with the design team to improve UI responsiveness and ensure cross-device compatibility.

CERTIFICATIONS & TRAINING

- Python Workshop | VEI Technologies | Oct 2024 – Nov 2024
- Built a hand-gesture volume control application using OpenCV to track hand landmarks and map finger distance to system volume.

EDUCATION

B.Tech – Artificial Intelligence and Data Science **2022 – 2026**

T.J.S. Engineering College, Peruvoyal | CGPA: 8.3

Higher Secondary Certificate (HSC) **2021 – 2022**

Vivekananda Matric. Hr. Sec School, Redhills | Percentage: 82%

Secondary School Leaving Certificate (SSLC) **2019 – 2020**

Vivekananda Matric. Hr. Sec School, Redhills | Percentage: 95%
